INTERNAL FINANCIAL CONTROL SYSTEM

According to Section 134(5)(e) of the Companies Act, 2013 the term Internal Financial Control (IFC) means the policies and procedures adopted by the company for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

The Company has a well-placed, proper and adequate IFC system which ensures that all assets are safeguarded and protected and that the transactions are authorized, recorded and reported correctly. The Internal Auditors independently evaluate the adequacy of internal controls and concurrently audit the majority of the transactions in value terms.

Independence of the audit and compliance is ensured by direct reporting of Internal Auditors to the Audit Committee of the Board.

During the year the consultants were engaged for providing assistance in improving IFC framework including preparation of Management Risk Control Matrix for various processes and deployment of Self-Assessment Tool.

OGL has aligned its current systems of internal financial control with the requirement of Companies Act 2013, on lines of globally accepted risk based framework as issued by the committee of sponsoring organizations (COSO) of the treadway commission. The Internal Control – Integrated Framework (the 2013 framework) is intended to increase transparency and accountability in an organization's process of designing and implementing a system of internal control. The framework requires a company to identify and analyse risks and manage appropriate responses. The Company has successfully laid down the framework and ensured its effectiveness.

OGL's internal controls are commensurate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance of corporate policies. OGL has a well-defined delegation of power with authority limits for approving revenue as well as expenditure.

Processes for formulating and reviewing annual and long-term business plans have been laid down.

Our management assessed the effectiveness of the Company's internal control over financial reporting (as defined in Regulation 17 of Listing Regulations) as of March 31st 2019. The assessment involved self-review, peer review and external audit.

M/s Agarwal & Dhandhanja, the statutory auditors of OGL has audited the financial statements included in this annual report and has issued an attestation report on our internal control over financial reporting (as defined in section 143 of Companies Act 2013).

OGL has appointed, T R Chadha & Co LLP, Chartered Accountants, New Delhi to oversee and carry out internal audit of its activities. The audit is based on an internal audit plan, which is reviewed each year in consultation with the statutory auditors (Agarwal & Dhandhanja) and the audit committee. In line with international practice, the conduct of internal audit is oriented towards the review of internal controls and risks in its operations such as accounting and finance, procurement, employee engagement, travel, insurance, IT processes etc.

Suggestions for improvement are considered and the audit committee follows up on corrective action. The audit committee also meets OGL statutory auditors to ascertain, inter alia, their views on the adequacy of internal control systems and keeps the board of directors informed of its major observations periodically.

ADEQUACY OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS

The Companies Act, 2013 re-emphasizes the need for an effective Internal Financial Control System in the Company which should be adequate and shall operate effectively. Rule 8(5)(viii) of Companies (Accounts) Rules, 2014 requires the information regarding adequacy of Internal Financial Controls with reference to the financial statements to be disclosed in the Board's report.

The internal financial controls were in operation during the reporting period from April 1, 2018 to March 31, 2019. Our management assessed

the effectiveness of the Company's internal control over financial reporting as of March 31, 2019.

M/s. Agarwal & Dhandhanania, Chartered Accountants, assess the internal financial controls including the Entity Level Controls, Process Application and Transaction Controls and Information Technology General Controls.

The Audit Committee reviews reports submitted by the management and audit reports submitted by internal auditors and statutory auditors. Suggestions for improvement are considered and the Audit Committee follows up on corrective action. The Audit Committee also meets statutory auditors to ascertain, inter-alia, their views on the adequacy of internal control systems and keeps the Board of Directors informed of its major observations periodically.

The Company has a comprehensive risk management framework. The Company has in place a well-defined Whistle Blower Policy/Vigil Mechanism. Compliance of secretarial functions is ensured by way of secretarial audit.

Based on its evaluation as defined in Section 177 of Companies Act 2013 and Regulation 18 of Listing Regulations, our Audit Committee has concluded that, as of March 31, 2019, our internal financial controls were adequate and operating effectively.

CODE OF CONDUCT

The members of the Board and senior management personnel have affirmed the compliance with Code applicable to them during the year ended March 31, 2019. The annual report of the Company contains a certificate by the CEO and Managing Director in terms of Listing Regulations on the compliance declarations received from Independent Directors, Non-Executive Directors and Senior Management.

MANAGEMENT DISCUSSION AND ANALYSIS

Introduction

The real estate sector is one of the most globally recognized sectors. Real estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.

It is also expected that this sector will incur more non-resident Indian (NRI) investments in both the short term and the long term. Bengaluru is expected to be the most favoured property investment destination for NRIs, followed by Ahmedabad, Pune, Chennai, Goa, Delhi and Dehradun.

Market Size

Real estate sector in India is expected to reach a market size of US\$ 1 trillion by 2030 from US\$ 120 billion in 2017 and contribute 13 per cent of the country's GDP by 2025. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

Investments/Developments

The Indian real estate sector has witnessed high growth in recent times with the rise in demand for office as well as residential spaces. Institutional investments in India's real estate are expected to reach US\$ 5.5 billion for 2018, the highest in a decade. According to data released by Department of Industrial Policy and Promotion (DIPP), the construction development sector in India has received Foreign Direct Investment (FDI) equity inflows to the tune of US\$ 25.04 billion in the period April 2000-March 2019.

Government Initiatives

The Government of India along with the governments of the respective states has taken several initiatives to encourage the development in the sector. The Smart City Project, where there is a plan to build 100 smart cities, is a prime opportunity for the real estate companies. Below are some of the other major Government Initiatives:

- Under the Pradhan Mantri Awas Yojana (PMAY) Urban, more than 8.09 million houses have been sanctioned up to May 2019.
- In February 2018, creation of National Urban Housing Fund was approved with an outlay of Rs 60,000 crore (US\$ 9.27 billion).
- Under the Pradhan Mantri Awas Yojana (PMAY) Urban 1,427,486 houses have been sanctioned in 2017-18. In March 2018, construction of additional 3,21,567 affordable houses was sanctioned under the scheme.

Road Ahead

The Securities and Exchange Board of India (SEBI) has given its approval for the Real Estate Investment Trust (REIT) platform which will help in allowing all kinds of investors to invest in the Indian real estate market. It would create an opportunity worth Rs 1.25 trillion (US\$ 19.65 billion) in the Indian market over the years. Responding to an increasingly well-informed consumer base and, bearing in mind the aspect of globalisation, Indian real estate developers have shifted gears and accepted fresh challenges. The most marked change has been the shift from family owned businesses to that of professionally managed ones. Real estate developers, in meeting the growing need for managing multiple projects across cities, are also investing in centralised processes to source material and organise manpower and hiring qualified professionals in areas like project management, architecture and engineering.

The growing flow of FDI into Indian real estate is encouraging increased transparency. Developers, in order to attract funding, have revamped their accounting and management systems to meet due diligence standards.

OVERVIEW

Financial Year 2018-19 was a good year for Oswal Greentech Limited. The Company's growth is stable in comparison to previous year and the Company is continuously engaged in the real estates activities. The Company always adhere to achieve best in the industry and try to optimize the cost and its efficiency level which translating into increasing profit margins of the Company. The company earned a profit before tax of Rs. 68.60 Crores and profit after tax of Rs. 48.08 Crores as against a profit before tax of Rs. 70.69 Crores and profit after tax of Rs. 43.24 Crores in the previous year.

The Company's promoted Residential Complex project at Ludhiana is completed successfully. The Company has in possession of premium land parcel in Ludhiana and is looking for development of residential/commercial projects there. The Company is also making efforts to explore various other locations for its real estate business.

During the year, the Company has also received income from interest on Inter-Corporate Deposits (ICDs) investments. The future outlook of the company remains positive and encouraging.

SEGMENTWISE PERFORMANCE

At present, the company is operating in the business of Real Estate, Investment activities and trading in shares/commodities/goods as separate Business Segments.

Segment-wise revenue, results and capital employed for the financial year ended 31.03.2018 and 31.03.2019 are given in Note No 40 forming part of Annual Report.

SUBSIDIARY COMPANY AND ASSOCIATES

Subsidiary

As on date there is no subsidiary company of the company.

Associate

The Company is not having any associate company as on year ended 31st March 2019.

HUMAN RELATIONS

The Company recognizes the importance of its human capital. Being a growth oriented and progressive organization, it recognizes the importance of professionalism. The total strength of the employees stands at close 91. The human relations of employees and employers were cordial during the year.

INTERNAL CONTROL SYSTEMS

The Company has an adequate system of internal controls to ensure that transactions are properly authorised, recorded, and reported, apart from safeguarding its assets. The internal control system is supplemented by well-documented policies, guidelines and procedures and reviews carried out by the Company's internal audit function, which submits reports periodically to the Management and the Audit Committee of the Board.

In order to foster an improved internal control culture in the Company, wherein every employee is fully aware of all the major risk/ controls faced in his/her work sphere and assumes responsibility for the controls performed therein, the Company has inter alia implemented a tool called "Controls Manager" which works on the basic concept of Control Self-Assessment. The Self-Assessments by process / control owner are also used as the basis of CEO/CFO certification as required under Regulation 17(8) of the Listing Regulations.

RISKS AND CONCERNS

The Company is exposed to specific risks that are particular to its businesses and the environment within which it operates, including inter alia, market risk, competition risk, human resource risk, execution risk and any significant downturn in the economic cycle. It is the endeavor of the management that the profitability of the Company is insulated to the extent possible from all the above risks by taking appropriate steps for mitigating the risks in a proper manner.

OPPORTUNITY AND OUTLOOK

Relative absence of large number of organized players in the Real Estate business segment provides an excellent opportunity to become a leading player in this industry.

The management has extensive experience in setting up large industrial projects in a timely manner and this experience can be leveraged to build a strong and sizable presence in the real estate business.

RISK MANAGEMENT

The Board takes responsibility for the total process of risk management in the organization. The Company follows well- established and detailed risk assessment and minimization procedures, which are periodically reviewed by the Board.

The Company takes a very structured approach to the identification and quantification of each risk and has a comprehensive Board approved risk management policy. The scope of the Audit Committee includes review of the Company's financial and risk management policies. The Audit Committee reviews the Audit reports covering operational, financial and other business risk areas.

CAUTIONARY STATEMENT

Company's objectives, projections, estimates, expectations or predictions may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include raw material availability and prices, cyclical demand and pricing in the Company's principle markets, changes in Government regulations, tax regimes, economic developments within India and the countries in which the Company conducts business and other ancillary factors.

Oswal Greentech Limited

INDEPENDENT AUDITOR'S REPORT

To

The Members of Oswal Greentech Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Oswal Greentech Limited ("the Company"), which comprise the balance sheet as at 31st March 2019, and the statement of Profit and Loss (including Other Comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in or report

Key Audit Matter	How our audit addressed the Key Audit Matter
Contingent liabilities; There are various pending cases against which demand has been raised by different authority.	<p>For legal and regulatory matters our procedures included the following:</p> <ul style="list-style-type: none"> ➤ Assessing the processes and control over legal matters; ➤ Reviewing the Company's significant legal matters and other contractual claims; ➤ Performing substantive procedures on the underlying calculations of potential liability; ➤ Where relevant, reading external legal opinions obtained by management; ➤ Where relevant, obtaining written confirmation from external legal counsels on the status of the cases; ➤ Reviewing the adequacy and completeness of the company's disclosures. <p>Based on the work performed, we found the disclosures made by the management in notes 38 and 45 of the financial statements are sufficient.</p>
The company has deferred tax assets in respect of long-term capital losses on sale of investment. There is inherent uncertainty involved in forecasting future taxable long-term capital gains, which determines the extent to which deferred tax assets are or are not recognized.	<p>Deferred tax assets in respect of deductible capital losses on sale of investments have been recognized to the extent of expected capital gains, being the difference between the fair market value and indexed cost as at the end of the reporting period, on disposal of the Investment property. In this regard we obtained the valuation report from an independent expert for determining the fair market value as on the reporting date and assessed the recoverability of the long-term capital losses against the future taxable profits, taking in to account the company's tax position, and our knowledge and experience of the application of relevant tax legislation.</p> <p>Based on the work performed, we found the disclosures made by the management in note 9 of the financial statements are sufficient.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the company's annual report, but does not include the financial statements and our auditor's report thereon. The aforesaid report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

Referred to in our report of even date to the members of Oswal Greentech Limited on the standalone financial statements for the year ended 31st March, 2019

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Oswal Greentech Limited** ("the Company") as of 31st March, 2019 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls with reference to financial statements

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with respect to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with respect to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with respect to financial statements and their operating effectiveness. Our audit of internal financial control with respect to financial statements included obtaining an understanding of internal financial control with respect to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with respect to financial statements.

Meaning of Internal Financial Controls with respect to financial statements

A Company's internal financial control with respect to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with respect to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with respect to financial statements

Because of the inherent limitations of internal financial controls with respect to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with respect to financial statements to future periods are subject to the risk that the internal financial controls with respect to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with respect to financial statements and such internal financial controls with respect to financial statements were operating effectively as at 31st March, 2019, based on the internal controls with respect to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Oswal Greentech Limited

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2019

(Amount in ₹ Lakhs unless otherwise stated)

1. COMPANY OVERVIEW

Oswal Greentech Limited ('company') is a listed company incorporated and domiciled in India and has its principal place of business at 7th Floor, Antriksh Bhawan, Kasturba Gandhi Marg, Connaught Place, New Delhi- 110001. The company's shares are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). The principal business of the company is trading and development of real estate projects. Further, the company also lends its surplus funds as interest bearing inter-corporate deposits. The standalone financial statements are approved for issue by the company's board of directors on 24th May, 2019.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation and presentation of standalone financial statements

(a) Basis of preparation of standalone financial statements

These standalone financial statements have been prepared and presented on a going concern basis under the historical cost convention (except for certain financial instruments which are measured at fair values), on the accrual basis of accounting and comply with the Indian Accounting Standards prescribed by Section 133 of the Companies Act, 2013 ('the Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after, other pronouncements of the Institute of Chartered Accountants of India, guidelines issued by Securities and Exchange Board of India (SEBI) and the relevant provisions of the Companies Act, 2013 (to the extent notified)/Companies Act, 1956.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or are vision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(b) Statement of compliance with Ind ASs

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after.

(c) Basis of Measurement

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis except for the employees' defined benefits and other long-term employee benefits obligations recognised as per certificate from an independent actuary and Investments measured at fair value through profit and loss (FVTPL)/ fair value through other comprehensive income (FVTOCI) that have been measured at fair value as required by relevant Ind AS.

(d) Use of Estimates and Judgements

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements is included in the following notes:

- i) **Income taxes:** The Company's tax jurisdiction is India. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- ii) **Provisions and Contingencies:** The assessments undertaken in recognising the provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Assets'. The evaluation of the likelihood of the contingent events has required best judgement by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.
- iii) **Post Employment benefit plan:** Employee benefits obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increase and the inflation rate. The company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.
- iv) **Other estimates:** The preparation of standalone financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of standalone financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Company estimates the probability of collection of accounts receivable by analysing historical payment patterns etc.

(e) Functional and Presentation Currency

Items included in the standalone financial statements of the company are measured using Indian Rupee (₹) which is the functional currency of the company and the currency of the primary economic environment in which the entity operates. The presentation currency of the company is also Indian Rupee (₹) (rounded off to ₹ Lakhs upto two decimals).

NOTES (Cont...)

(Amount in ₹ Lakhs unless otherwise stated)

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Instruments

i) Financial Assets

Financial assets comprise investments in equity instruments, mutual funds, security deposits, inter-corporate deposits, trade receivables, cash & cash equivalents and other eligible assets.

Initial recognition and measurement:

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the Company commits to purchase or sell the asset.

Subsequent Measurement:

- **Financial Assets measured at amortised cost:** Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. These financial assets are subsequently carried at amortized cost using the effective interest method, less any impairment loss. The EIR amortisation is recognised as finance income in the Statement of Profit and Loss.

Assets at amortised cost are represented by Inter-corporate deposits, trade receivables, security deposits, cash and cash equivalents and other eligible current and non-current financial assets.

- **Financial assets at fair value through other comprehensive income (FVTOCI):** Financial assets held within a business model whose objective is achieved by both collecting the contractual cash flows and selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payment towards principal and interest (SPPI) on principal outstanding are subsequently measured at FVTOCI. Fair value movements in financial assets at FVTOCI are recognised in other comprehensive income. However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain/loss in statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the expected interest rate (EIR) model.
- **Equity instruments other than investment in associates:** The management determines at the initial recognition of investments in Equity instruments whether to measure it at FVTPL or FVTOCI. However, the equity instruments held for trading are always classified at fair value through Profit or Loss (FVTPL). The classification of investments at FVTOCI is irrevocable. Fair value changes on equity instruments at FVTOCI, excluding dividends, are recognised in other comprehensive income (OCI). On derecognition of the equity instrument measured at FVTOCI, cumulative gain or loss previously recognised in OCI are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity.
- **Financial assets at fair value through Profit or Loss (FVTPL):** Financial assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortised cost or at fair value through other comprehensive income. Fair value changes are recognised in Statement of Profit and Loss. Derivative financial instruments are always measured at FVTPL.

Derecognition of financial assets:

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or the financial asset is transferred and the transfer qualifies for derecognition. On derecognition of financial asset in its entirety the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in Statement of Profit and Loss.

Impairment of financial assets:

Trade receivables, contract assets, receivables under Ind AS 109, investments in debt instruments that are carried at amortised cost, investments in debt instruments that are carried at FVTOCI are tested for impairment based on the expected credit losses (ECL) for the respective financial asset. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Statement of Profit and Loss. The approach followed by the company for recognising the impairment loss is given below:

a) Trade receivables

An impairment analysis is performed at each reporting date. The expected credit losses over lifetime of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions. The company estimates the following provision matrix at the reporting date:

Oswal Greentech Limited

NOTES (Cont...)

(Amount in ₹ Lakhs unless otherwise stated)

Period past due	Default rate
0 to 6 months	0%
6 to 12 months	5%
more than 12 months	10%
doubtful receivables	100%

b) Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

ii) Financial liabilities:

Financial liabilities comprise trade payables and other eligible liabilities.

Initial recognition and measurement:

Financial liabilities are initially recognised at fair value. Any transaction costs that are attributable to the acquisition of the financial liabilities (except financial liabilities at fair value through profit or loss) are deducted from the fair value of financial liabilities.

Subsequent measurement

i) Financial liabilities at amortised cost: The Company has classified the following under amortised cost:

- a) Trade payables
- b) Other eligible financial liabilities.

Amortised cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the cumulative amortisation using the effective interest rate (EIR) method of any difference between that initial amount and the maturity amount.

Financial liabilities at fair value through profit or loss (FVTPL): Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

Derecognition of financial liabilities

A financial liability shall be derecognised when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

iii) Off setting of financial assets and financial liabilities:

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legal enforceable right to offset the recognised amounts and intends either to settle on a net basis or to realize the assets and settle the liability simultaneously.

iv) Reclassification of financial assets

The Company determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets or financial liabilities that are specifically designated at FVTPL. For financial assets, which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

B. Property, Plant and Equipment

Property, Plant and Equipment is carried at cost less accumulated depreciation and accumulated impairment losses. The cost comprises

NOTES (Cont...)

(Amount in ₹ Lakhs unless otherwise stated)

its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Cost of self constructed asset include the cost of material, direct labour and any other costs directly attributable to bringing the asset to its working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of the equipment.

Gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment and are recognised net within "Other income/ Other expenses" in the Statement of Profit and Loss

The cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress.

Subsequent costs

The cost of replacing part of an item of Property, Plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is de-recognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the Statement of Profit and Loss.

Depreciation

Depreciation on property, plant and equipment is provided on pro-rata basis using written down value method using the rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

The estimated useful lives of assets for the current and comparative period of significant items of property, plant and equipment are as follows:

Category	Useful life (Years)
Buildings	60
Furniture & Fixture	10
Plant & Machinery	15
Office Equipment	5
Computer	3
Vehicles	8

The company follows component approach as envisaged in Schedule II to the Companies Act, 2013. The approach involves identification of components of the asset whose cost is significant to the total cost of the asset and have useful life different from the useful life of the remaining assets and in respect of such identified components, useful life is determined separately from the useful life of the main asset.

Assets acquired under finance lease and leasehold improvements are amortized over the lower of estimated useful life and lease term.

Depreciation on additions is provided on a pro-rata basis from the month of acquisition/installation. Depreciation on sale/deduction from property, plant and equipment is provided for up to the date of sale/adjustment, as the case may be.

Modification or extension to an existing items of property, plant and equipment, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

The depreciation method, useful lives and residual value are reviewed at each of the reporting date.

C. Intangible assets

Intangible asset are carried at cost of acquisition less amortisation. The cost of an item of intangible asset comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Amortisation of Intangible assets

Intangible assets are amortised on straight line method on pro-rata basis over a period of three years.

D. Investment property

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Oswal Greentech Limited

NOTES (Cont...)

(Amount in ₹ Lakhs unless otherwise stated)

The Company depreciates building component of investment property over 60 years on written down value basis from the date of original purchase as per the requirement of Schedule II of the Companies Act, 2013. The leasehold investment properties are amortised over the term of the lease.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

E. Investment in associate

Investment in associate is recognised at cost less impairment. Dividend income from associate is recognised when its right to receive the dividend is established.

F. Inventories

Inventories are valued as under:

Land and plots other than area transferred to construction work-in-progress of constructed properties are valued at lower of cost or net realisable value. Cost includes land acquisition cost and land development cost. Cost of land and plots is determined on specific identification basis.

Construction work-in-progress of constructed properties include the cost of land, internal development costs, external development charges, construction costs, overheads, borrowing cost, development/construction materials and is valued at lower of cost/estimate cost and net realisable value.

Trading of real estate- the cost includes purchase and other costs in bringing the inventory in their present location and condition. Cost is determined specific identification basis.

G. Foreign currency transactions and balances

Transactions in foreign currencies are initially recognised in the standalone financial statements using exchange rates prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated to the relevant functional currency at the exchange rates prevailing at the reporting date. Non- monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate prevailing on the date that the fair value was determined. Non- monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. Foreign currency differences arising on translation are recognised in the Statement of Profit and Loss for determination of net profit or loss during the period.

H. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which they are incurred. To the extent the Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the Company determines the amount of borrowings costs eligible for capitalization by applying a capitalization rate to the expenditure incurred on such asset. The capitalization rate is determined based on the weighted average of borrowing costs applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing costs that the Company capitalizes during a period does not exceed the amount of borrowing costs incurred during that period.

I. Leases

Operating leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased asset are classified as operating leases. Operating lease charges are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

J. Deposits provided to lessor

The company is generally required to pay refundable security deposits in order to obtain property leases from various lessor. Such security deposits are financial assets and are recorded at fair value on initial recognition. The difference between the initial fair value and the refundable amount of the deposit is recognized as a lease prepayment. The initial fair value is estimated as the present value of the refundable amount of security deposit, discounted using the market interest rates for similar instruments. Subsequent to initial recognition, the security deposit is measured at amortized cost using the effective interest method with the carrying amount increased over the lease period up to the refundable amount. The amount of increase in the carrying amount of deposit is recognized as interest income. The lease prepayment is amortized on a straight line basis over the lease term as lease rental expense.

K. Revenue

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" as per para C3 of IND AS 115 i.e., retrospectively with the cumulative effect of initially applying this Standard recognised at the date of initial application, applied to contracts

NOTES (Cont...)

(Amount in ₹ Lakhs unless otherwise stated)

that were not completed as of April 1, 2018. In accordance with the aforesaid method, the comparatives have not been retrospectively adjusted. The following is a summary of new and/or revised significant accounting policies related to revenue recognition. Refer Note 2 "Significant Accounting Policies" in the Company's 2018 Annual Report for the policies in effect for revenue prior to April 1, 2018. There was no effect on adoption of Ind AS 115.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Revenue from the sale of Flats/Plots is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates.

Interest income is recognized as it accrues in Statement of Profit and Loss using the effective interest method.

L. Impairment of non-financial assets

The carrying amount of the Company's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risk specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from the continuing use that are largely independent of cash inflows of other assets or group of assets (the cash generating unit).

An impairment loss is recognized if the carrying amount of an asset or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment losses are recognised in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit or group of units on a pro rata basis.

Reversal of impairment loss

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.

M. Earnings per share (EPS)

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted earning per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

N. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, cash at banks, demand deposits, short-term deposits with an balance maturity of three months or less as at the balance sheet date, which are subject to an insignificant risk of changes in value.

For the purpose of Statement of Cash Flows, cash and cash equivalents comprise cash on hand, cash at banks, demand deposits, short-term deposits with an balance maturity of three months or less as at the balance sheet date and other short term investments, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

O. Employee Benefits

i) Short Term Benefits

Employee benefits (other than post employment benefits) which fall due wholly within twelve months after the end of the year in which the employees render the related service are recognized at the amount expected to be paid for it.

ii) Post Employment Benefits

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation

Oswal Greentech Limited

NOTES (Cont...)

(Amount in ₹ Lakhs unless otherwise stated)

to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company. The present value of the defined benefit obligations is calculated using the projected unit credit method.

The Company has the following post employment benefit plans:

Gratuity

In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. Actuarial gains or losses are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

iii) Other long term employee benefits

Earned Leave Encashment and Sick Leave

The employees of the Company are entitled to earned leaves and sick leaves. The employees can carry forward a portion of the unutilised earned leaves and utilise it in future periods or receive cash at retirement or termination of employment. The employees can carry forward the unutilised sick leaves and utilise it in future periods and it lapses at retirement or termination of employment. The Company records an obligation for earned leave and sick leaves in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of earned leave and sick leave as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognizes accumulated earned leave and sick leave based on actuarial valuation. Non-accumulating leave encashment are recognized in the period in which the absences occur. The Company recognizes actuarial gains and losses immediately in the statement of profit and loss.

P. Provisions & Contingencies

A provision arising from claims, litigation, assessment, fines, penalties, etc. is recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect current management estimates. Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. When there is a possible obligation or present obligation where the likelihood of an outflow is remote, no disclosure or provision is made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed, where an inflow of economic benefits is probable.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost."

Q. Income Taxes

Income tax comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax

Current tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

Deferred tax

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in standalone financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

NOTES (Cont...)

(Amount in ₹ Lakhs unless otherwise stated)

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax liabilities are recognized for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

2.3. RECENT INDIAN ACCOUNTING STANDARDS (IND AS)

3.1 Ind AS 116 Leases:

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit & Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- **Full retrospective** – Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- **Modified retrospective** – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as: • Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or • An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application. Certain practical expedients are available under both the methods.

On completion of evaluation of the effect of adoption of Ind AS 116, the Company is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 1, 2019). Accordingly, comparatives for the year ended March 31, 2019 will not be retrospectively adjusted. The Company has elected certain available practical expedients on transition. The impact of the same is being evaluated by the company.

3.2 Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments:

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates. The standard permits two possible methods of transition -

- i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and
- ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives. The effect on adoption of Ind AS 12 Appendix C is expected to be insignificant in the standalone financial statements.

3.3 Amendment to Ind AS 19 – plan amendment, curtailment or settlement-

On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity: • to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and • to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

(ii) Contractual Obligations and restrictions

- On the demise of Mr. Abhey Oswal (erstwhile chairman) on 29.03.2016, Mr. Pankaj Oswal (eldest son) filed a suit in the Hon'ble Delhi High Court claiming his 1/4th share in the family property including the property at Tilak Marg of ₹ 11,268.50 lakh (previous year ₹ 11,344.42 lakh) owned by the company. In this regard, the Hon'ble High Court of Delhi passed an Interim order dated 8th February, 2017 imposing status quo on the Tilak Marg property against the company which has now been vacated vide order dated 14th May, 2018.
- The company has no restrictions on the realisability of its Property, plant and equipment and investment property and has no contractual obligations to purchase, construct or develop Property, plant and equipment and investment properties or for repairs, maintenance and enhancements.

(iii) Fair Value

	As at 31.03.2019	As at 31.03.2018
Investment properties	1,180.71	1,127.21

Estimation of fair value

The company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the company considers information from a variety of source including:

- Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- Capitalised income projections based upon a property's estimated net market income and a capitalisation rate derived from an analysis of market evidence

The fair values of investment properties have been determined by Mr. Paramjeet Singh, accredited registered valuer holding the recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The main inputs used are the local enquiries and prevailing market trends adjusted for location, size, utility, condition and other factors having influence over the fair value. All resulting fair value estimates for investment properties are included in level 3.

1) Defined contribution plan:	Current year	Previous year
Contribution to provident fund	75.39	73.02

2) Defined Benefit plan:
I. Gratuity

The Company operates an unfunded gratuity plan. Every employee is entitled to a benefit equivalent to fifteen days salary last drawn for each completed year of service in line with the Payment of Gratuity Act, 1972 or Company scheme whichever is beneficial. The same is payable at the time of separation from the Company or retirement, whichever is earlier. The benefits vest after five years of continuous service.

- The liability is determined based on actuarial valuation using the Projected Unit Credit Method as at the balance sheet date, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, is based on market yields on Government securities as at the balance sheet date.
- Actuarial gains and losses are recognised immediately in Other comprehensive income in Statement of profit and loss. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs.

The amounts recognized in the statement of Profit & Loss Account for the year and previous year are as follows:-

A one percent change in the unobservable inputs used in fair valuations of level 3 assets does not have a significant impact in its value.

The fair value of investments in mutual fund is determined on the basis of NAV of mutual fund declared on the last day of the financial year. The fair values of the listed equity instruments were determined on the basis of the closing price on the last day of the financial year. The fair value of investment property disclosed in financial statements is determined based on the valuation report from an independent valuer. The determination of the valuation by the valuer is based on level 3 inputs like present market circle rates, location of the property, local enquiries, information from the local property brokers, latest market transactions etc.

44 FINANCIAL RISK MANAGEMENT

The Company's principal financial assets include investment in equity instruments and mutual funds, inter-corporate deposits, other receivables and cash & bank balances.

The Company's principal financial liabilities mainly comprise of creditors for expenses and employee benefits payable.

The Company's activities expose it to credit risk and liquidity risk. The company is not exposed to any market risk, neither in form of interest rate risk as the debt instruments issued by the company (i.e. intercorporate deposits) bear a fixed rate of interest as per the inter-corporate deposit agreements nor any foreign exchange risk. The different types of risk the company is exposed to are as follows:

(i) Credit risk

Credit risk is the risk that customer or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company's significant credit risk concentration is in its loans given [i.e. intercorporate deposits (ICD)] and interest receivable thereon aggregating to ₹ 96,152.75 lakh i.e. 72.93% of total financial assets as at 31st March, 2019 (₹ 87,447.13 lakh i.e. 69.31 % of total financial assets as at 31st March, 2018). The objective of managing counter party credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the ICD parties on regular basis by analysing their default pattern, reviewing annual financial performance and creditworthiness as evident from their financial statements. The company regularly assesses the increase in risk of default since initial recognition. The company considers a default of

more than 6 months as an indicator for increased risk of default requiring the assessment of expected credit losses and resulting impairment, if any. The company uses a provision matrix to compute the expected credit losses (ECL) for trade receivables. The provision matrix takes into account internal and external credit risk factors and the company's historical experience for customers.

However, as at the date of balance sheet all parties were regular in meeting their contractual obligations and none of the financial assets are credit impaired other than those for which adequate allowance for credit losses have been made. Credit risk on cash & cash equivalents and other bank balances is limited as the company holds these deposits with scheduled banks with high credit ratings.

Investments are primarily in quoted equity instruments of companies. Further, the company invests on short term basis in mutual funds having high credit rating from domestic credit rating agencies.

Exposure to credit risk

The gross carrying amount of financial assets, net of any impairment recognised represents the maximum credit exposure. The maximum credit exposure as at 31.03.2019 and as at 31.03.2018 is as follows:

Particulars	As at 31.03.2019	As at 31.03.2018
Investments (Non current and current)	924.29	4,725.67
Loans (Non current and current)	89,978.84	82,358.13
Cash and cash equivalents	95.54	223.99
Bank Balances other than cash and cash equivalents	300.50	300.50
Others financial assets (Non current and current)	40,545.56	38,552.23
Total	131,844.74	126,160.52

(ii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The company does not have any significant financial liability as at March 31, 2019 or March 31, 2018 and Company has enough liquid funds in the form of cash and cash equivalents to meet its financial obligations as and when they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

As at 31st March, 2019, the company had a working capital of ₹ 1,35,115.04 lakh (Previous year ₹ 1,24,393.43 lakh). Further, the company has substantial pool of highly liquid financial assets like cash & cash equivalents and short term investments in mutual funds aggregating to ₹ 1,019.75 lakh (Previous year ₹ 4,949.53 lakh) as against the total current liabilities (excluding provision for legal liabilities, settlement of which is uncertain) of ₹ 390.13 lakh (Previous year ₹ 432.43 lakh) which clearly establishes the strong liquidity position of the company.

The maturity analysis of the financial liabilities of the company as on 31.03.2019 is given as below:

Particulars	As on 31.03.2019		
	Less than 1 Year	1-2 Years	2 Years and above
Other financial liabilities	190.08	-	-
Total	190.08	-	-

The maturity analysis of the financial liabilities of the company as on 31.03.2018 is given as below:

Particulars	As on 31.03.2018		
	Less than 1 Year	1-2 Years	2 Years and above
Other financial liabilities	191.52	-	-
Total	191.52	-	-

IMPORTANT COMMUNICATION TO SHAREHOLDERS

Dear Shareholders,

There is growing awareness and concern on the need to protect our environment around the globe. Oswal Greentech Limited has always been a company that has taken the lead in its efforts to protect the environment, with a strong focus on eco-sustainability in our operations. Taking this future, we now propose to send documents such as the Annual Report, Notices and other documents to the shareholders through electronic, paperless mode.

This is also in line with the 'Green Initiative in Corporate Governance' introduced by the Ministry of Corporate Affairs (MCA) and Securities and Exchange Board of India (SEBI) permitting listed entities to send soft copies of Annual Report, Notice and other documents to those shareholders who have registered their e-mail addresses for the said purpose.

We request you to join us in this noble initiative and look forward to your consent for receiving communication through the electronic mode.

To do this, you are requested to take the following steps-

FOR THE SHARES held in physical mode: Please fill the enclosed form and mail it to us at the Corporate Office/Registrar office address of the Company.

FOR THE SHARES held in dematerialized mode: Please update/register your e-mail address with your Depository Participant. The Annual Report of your Company would also be available on the Company's website –www.oswalgreens.com
